## SERAI TENT

### LOWER COVERS: LAYOUT PLAN

The lower covers extend from ground level to a height of 2.5m

They consist of four large quarter covers, and four smaller door covers

With all four quarter covers in place, there can be between one and four door openings, depending on how many of the door covers are used

Each door opening is 2.5m wide and 2.5m high

If one or more of the quarter covers are not fitted, the Serai Tent can be used as an open-sided structure
